

# Hilltop Action Coalition

Contact us for information on community revitalization, the community's part in economic development, making connections with local government and organizations, the truth about dealing with criminals (not what you see on TV/movies), innovative solutions to street-level issues, including: crime prevention, blight reduction, Good Neighbor Agreements, registered sex offenders, and any other issue that impacts a neighborhood; if, after 21 years, we haven't faced your subject head-on, we generally know someone who has and has come up with innovative solutions that we can refer you to.
